

## School of Engineering

**ANANTHA P. CHANDRAKASAN**

Dean of Engineering

Vannevar Bush Professor of Electrical Engineering and Computer Science

June 15, 2022

Aaron West  
amwestjr@mit.edu

Dear Aaron,

I am delighted to inform you that you have been selected as a 2022-2023 Takeda Fellow. The Takeda Fellowship Fund was established by Takeda Pharmaceuticals Company Limited in 2020 and provides graduate student support to students conducting research at the intersection of artificial intelligence and health in the School of Engineering.

You have been selected to receive this prestigious award in recognition of your outstanding academic record, exceptional background, and promising future. This fellowship provides support for your academic year tuition, stipend, and health insurance. If you have any questions, please contact Saana McDaniel, saana@mit.edu.

Please accept my congratulations.

Sincerely,

Anantha Chandrakasan
